

According to my data which unfortunately I do not have w/ me, A.E.E. went to Hellen to live w/ his maternal uncle as a boy (He had spent his childhood at Cape Balf.)

This was before he went to Naden Harbor (Kung) & Kuusta. The chief of Hellen was Gatlins who was involved in <sup>& peace-making</sup> ~~the~~ w/ Nass people. (Collison p.?) When A.E.E. inherited his uncle's place as head of his lineage E 21 he ~~was~~ was accompanied to Kung <sup>Kuusta</sup> by the 2<sup>nd</sup> other E 21 sub-lineage.

"Barbeau's informant" is reversed as usual. Hellen & Necon ("long nose") are distinct from each other. U.E.E. houses at Hellen, Kung, Kuusta, Zatzu? & Masset →

aren't concurrent.

(Acc. to local sources - Gattlingstun)  
is A & E's birthplace as you say.  
This is why Massets say he is a Skidegate & not  
one of them at all - bec. inhabitants of that  
village moved to Skid.
