

Frog is IT of Gooddeek, and, for the same reason -
 as innocuous a ^(word) beast as exists, no beak or teeth,
 the opposite of Raven and also of Bear

Frog is a navel that thinks itself a clitoris
 any touch will awaken it

Frog is Ego-Id. All reduced to an absurdity
 fragment of Raven, part of Bear

Frog is What's it? - the navel-clitoris

the navel is the question, the clitoris is the answer
 cl IT or IS

the length of the penis is the distance from navel to clit

Third eye

eye between clit & navel
 ruby in the navel

If 2 is enough to make a generalization,
 then 3 is the generalization

1, 2, all 3 [i.e. all of them]
