Ottawa, May 26, 1958.

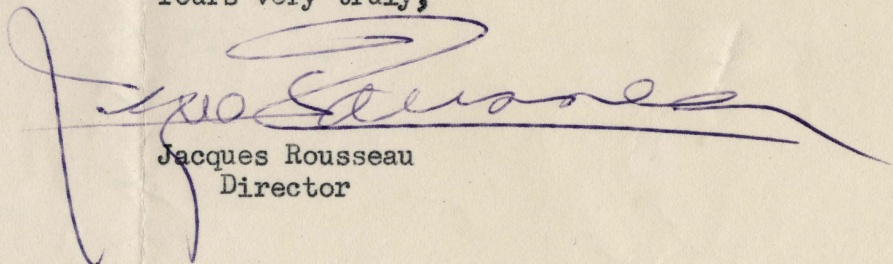

Dear Dr. Duff:

I would have liked to answer your letter of March 25 much earlier, but for about a month I had to set aside all my correspondence on account of other urgent duties related to the reorganization of the Museum. I also had to be absent for some time.

I was very glad to learn that your plan had materialized. "When chasing several rabbits at the same time sometimes we get one". When you arrive in Ottawa at the beginning of July, I shall probably be absent. In fact, except for a few days between July 16 and 19, I shall be absent for the whole month of July. Since you have to work with Dr. Barbeau, who will be here at the time, we will have no difficulty in providing you with the proper accommodation during your stay at the Museum. We will give you at first a temporary office. Since Mr. Rioux will be absent for the summer, I suggest that you use his office.

We are in the process of organizing two or three supplementary offices, and later on we will transfer you to these new quarters. I am looking forward to see you in Ottawa.

Yours very truly,

Jacques Rousseau

Dear Dr. Trueman,

I wish to apply for the third and final payment on my Canada Council Senior Fellowship. I understand that no report is required from me until the completion of my project at the end of June. You may be assured however that it is progressing well.

My bank account is now in the Carling and Preston branch of the Canadian Bank of Commerce, Savings, No. 640. My residential address is still 1368 Larose Avenue, Ottawa 3, and I am available during working hours at the National Museum of Canada.

Yours sincerely,

Wilson Duff
